

11976 DD

IT Support Technician (Field Based-Remote /Occasional Office)

This is an opportunity to join a highly inclusive, well established and currently growing IT company, who consistently reward good performance and always look to promote from within.

Key skills required:

- Confident user experience of MS Windows Server 2012/16 networks.
- Sound knowledge of desktop operating systems (Windows 7/8/10, Apple OSX/iOS, Chrome OS).
- Proven knowledge in the installation and configuration of new desktops or laptops.
- Experience in MS Office 2010 – 2019, Office 365 installation & administration, knowledge Google G Suite & Chromebooks would be an advantage.
- Experience in installing, maintaining, and upgrading Capita Solus/SIMS/FMS.
- Good hardware, software, printing, and networking troubleshooting skills
- Enjoys being part of a very sociable team but equally able to work on your own initiative.

About you:

- Previous experience as an IT Technician, Help Desk Technician preferably within an Educational setting.
- Outgoing, comfortable communicating with peers and management.
- Good level of IT installation and maintenance knowledge.
- CompTIA + qualified would be an advantage but not essential.
- Knowledge and understanding of working within an educational environment.
- Must have full UK driving License and own transport.
